

We've been enjoying blue skies over our Pensarn site for the past few weeks, helping progress move along smoothly.

Introducing Gray, our Project Manager, and Gareth, Contracts Manager from Conwy-based Vectorex, the team responsible for all the infrastructure and groundwork on site.

You'll find up-to-date information displayed at the site entrance, which has also been shared with nearby residents and uploaded to our website. The blue hoarding includes a viewing window, so you'll be able to watch the site as it progresses.

If you have any further questions, feel free to get in touch via email: **Pensarn@cartreficonwy.org**
